## **Pro DECK**

# **MAXIMUM SAFETY. MINIMUM FUSS.**

## **PROFESSIONAL ALUMINIUM LOW-LEVEL WORK PLATFORM**

The PRo Deck is a height-adjustable low level work platform, ideal for professionals that need their multi-trade platform to offer flexibility and durability when working at heights of up to 3m.

Made from a heavy-duty aluminium frame and a Phenyl mesh coated Class 3 marine plywood deck, its compact, lightweight folded footprint allows for easy transportation and storage - just grab and go. The enclosed work platform is a simple single person set-up and comes complete with guardrails that erect at the correct height for you, helping to keep you safe, always. With three operational platform heights ranging from 0.55m, 0.63m to 0.7m, the PRo Deck has got your jobs list covered.
